

ClearCompliance Group, LLC (CCG) provides auditing and advisory services to clients including nonprofits, higher education institutions, governments, and businesses.

CCG is committed to delivering quality services and products that are efficient and effective in helping clients promote excellence, transparency, and accountability in meeting and exceeding performance and compliance goals and objectives, while minimizing any risks that may impact their pursuit. We work with you in developing and taking proactive preventive approaches to identifying and detecting risks, issues, and opportunities that could impact performance and compliance goals and objectives without costly corrective actions.

Core Capabilities

Our knowledge, skills, and experience allow for the analysis, development, implementation in the areas of:

- Auditing also known as assurance services
- Advisory services also known as consulting services

Auditing

Our auditing services provide clients with the level of services that prepare for and minimize audit issues that may impact compliance and performance goals and objectives. We provide auditing services that nearly mirrors federal inspector general performance and compliance audits to help familiarize and strengthen the clients' operations.

We believe this approach allows clients to 'level up' the performance and compliance aspects of their operations, while reducing resource burdens that could strain their ability to meet their strategic, operational, performance and compliance goals and objectives.

Among the areas we cover include:

- Compliance Audit
- Risk Assessment
- Grants Management
- Performance Audit
- Conflict of Interest Evaluations
- Operational Evaluation

Advisory Services

Our advisory services provide clients with various products and services to help meet challenges of developing and implementing processes, procedures, and projects that impact their ability to meet their compliance and performance goals.

Among the areas include:

- Outreach engagement/awareness
- Technical Assistance
 - Compliance awareness
 - Performance benchmarking
 - Operational
- Development
 - Policy and procedure
 - Performance metrics
 - Record management
 - Compliance
 - Project
 - Training
